

St. Peter's Celebrated its Forty-eighth Anniversary A Thanksgiving Service

Special anniversary and harvest thanksgiving services were held in St. Peter's Anglican church last Sunday, Oct. 7th. The church was very prettily decorated for the occasion. There was quite an abundance of flowers and some extra large vegetables of all varieties. There were large congregations at all services. At the morning service Mrs. Proctor sang, "O Rest in the Lord," and Mrs. Kincaid sang "Saviour Lead us Day by Day." At the close of the afternoon service the rector baptised two children. Special soloists at the evening service were Mrs. A. E. Falconer who rendered "In the Garden," and Mrs. Proctor sang "The Blind Ploughman." The other special harvest music was sung most heartily by the congregation.

The rector, Rev. T. D. Proctor, delivered wonderful and most appropriate addresses at all services, at which he was assisted by Mr. J. Proctor, who read the prayers, etc.

In the morning the address of the rector stated that it was a fitting time for thanksgiving, both for the material harvest in the fact that Canada was harvesting her largest crop on record, and also for the spiritual harvest as a result of the seed sown by the church's early missionaries as long ago as 1870. It was in 1876 that Hazelton was a large and busy town, it being the centre for outfitting prospectors and miners for their rush north in search of gold. The population was changing daily; tents and small cabins were being erected overnight, and many of them were just as quickly demolished.

At this time there were no less than 3000 people in Hazelton, most of them waiting for suitable weather to make the great rush to the different gold prospects, e.g., Omineca and Ingenica, situated within about 300 miles of this outfitting point. Having heard of the large number flocking to Hazelton, the Rev. W. H. Collison, the church missionary society's agent on the coast came with the gospel of peace and of goodwill in 1876. Not being able to stay himself he reported the situation to the Church Missionary Society in England. The result was the Society decided to greatly extend its work in the north.

Up to this time the church had only one bishop for the whole of British Columbia, in the person of Bishop Geo. Mills who was consecrated bishop in Westminster Abbey, England, in 1859, arriving in Victoria in January 1880. The church now decided to form a new diocese for the northern half of the province, to be known as the diocese of Caledonia and Bishop Ridley was consecrated in England in 1879 as the new bishop. In the same year the Rev. Robt. Tomlinson was sent to Anklint, 20 miles from Hazelton, to establish a mission station (now known as Tomlinson flats) just beyond Kispiox.

Bishop and Mrs. Ridley arrived in Hazelton by canoe after an adventurous trip by sailing vessel to Victoria. Their object was to establish their first church in Hazelton where travelers and prospectors might gather for spiritual strength and upliftment before entering upon their rough life in the wilds. The bishop was able to obtain the log store, 50 x 40, owned by Thos. Hankin, and which was later purchased by the C. M. S. for the first church, being named after the Apostle Peter. The first thanksgiving service for his safe arrival was held on October 7th, 1880, just 48 years ago, and the building was filled with joyful hearts which were uplifted in true thanksgiving. The building was situated where the present Indian school stands.

Amongst Bishop Ridley's activities while in Hazelton were the issuing of the first local newspaper, the establishing of a library for the miners, an evening and day school for both natives and whites. One of the large rooms in the old mission house, which was purchased from Chas. Yoemans, was thrown open as a reading room and the place of meeting for the miners.

Bishop Ridley had to return to England in 1881, but Mrs. Ridley kept the work going in his absence. Then in 1882 when they moved to Metlakatla to establish the famous Ridley home for boys and girls, the Rev. Robt. Allen was appointed to Hazelton assisted by J. H. Ridley. Mr. Allen did not remain long however, and was succeeded in the fall of 1882 by Rev. W. G. Faulkner, who was assisted by T. R. Wade, a C. M. S. native agent trained at the coast. Besides looking after the white work they commenced to care for and train the natives, first in the chief's house and later in the log building obtained for the first church. Then in 1884 another change was made when Rev. H. F. Stevenson took care of the work until the well known and much beloved Rev. John and Mrs. Field came out from England and on Sunday, May 9th, 1886, held his first service. He remained in charge to serve God and his fellowmen until May 5, 1918, completing 32 years of faithful service. Owing to failing health he found it necessary to retire, and entered into rest that same year in August. His term of office saw many changes, both in the natives and the whites. The natives had become christian and had adopted the civilized mode of living, and from an educational standpoint had learned to read the gospel message in their own language. Rev. and Mrs. Field had the noble assistance of Miss E. J. Soal as deaconess and teacher for many years, and between them they held day school for children and night school for the adults who desired to continue their education. The portion of the mission house which still remains was what was added to the old mission house as Miss Soal's rooms. By the close of the 19th century it was found necessary to pull down the old log church, and erect a lumber one, lumber now being obtainable from Meamskinsht (across the river from Cedarvale). The present church was completed and opened for service on Sunday, October 14th, 1900.

On the retirement of Rev. J. Field Rev. W. S. M. Larter was placed in charge of the mission, working both Hazelton and Smithers until Rev. E. Hodson was appointed to Hazelton, on January 1, 1921. On February 27th Rev. W. H. Collison (who preached his first sermon in Hazelton in 1876) came to unveil the beautiful memorial window erected in memory of Rev. J. Field. At the end of June, 1921, another change took place when Rev. T. D. Proctor, the present rector, succeeded Mr. Hodson who had been called to Ocean Falls. It was found by this time that many repairs were necessary, both to the church and other mission property. During the present regime the church has been placed upon new foundations, also the school, both buildings have been repainted and refenced, brick chimneys and ventilation installed, many additions have been made to the furnishings and the church has just been redecorated interiorly, and everything is in good shape for another twenty-five years of service. The old mission house has been replaced by an up-to-date, nine roomed lumber structure all beautifully painted and interior well finished, and all situated within spacious grounds.

The last six years have seen 49 candidates confirmed and 114 baptised. Similar progress has been made at Kitwanga and Kitwano which have been placed under the same charge. Truly then, this is a time for true thanksgiving to Almighty God for Mercies and blessings vouchsafed.

PRINCE RUPERT NEWS LETTER

The first wheat to arrive at the local elevator for the 1928-29 shipping season was grown in the Bulkley Valley. There was one carload. It came nearly a week in advance of the first grain from the prairies. Experts say the Northern British Columbia wheat is extra good quality. And when they admit that much "it aint maybe."

Who, why and what is Dr. Langsner of Vienna? It is generally understood that he tries to detect crime along ultra-scientific lines—hypnotism mind reading, and all that sort of thing. He was recently engaged on the Booher murder case in Edmonton. Only one or two are aware that he exercised his talents in Prince Rupert at the time of the Ester Solomon tragedy—without getting anywhere.

Joseph G. Scott, pioneer hardware merchant of Prince Rupert has been in the general hospital for a fortnight. His condition is regarded as serious.

It is perhaps a bit premature to mention it, but already there are to be heard whispers of next January's municipal election. It is not a wild guess to say Mayor McMordie may run again.

Last winter because the salmon fishing was uncommonly lean, a dollar was a dollar, in the opinion of the average Indian. Cash was scarce and credit was not encouraged. He learned the lesson. Today you might think the Tshimeans all came from Aberdeen. With fishing better, and more money circulating, the natives are buying staples only, and they barter with much deliberation and caution.

Father John Hammond, native of the south of England and graduate of Dublin University, has arrived to assist at the Catholic Cathedral, succeeding Father McGrath who relinquished his duties because of ill health.

The pulp and paper industry is the most important manufacturing industry in Canada. Heading the list in 1926 for gross and net value of manufactured products, as well as for distribution of wages, and salaries. In total capital invested the industry is second only to electric light and power plants, and in total number of employees it is second only to saw mills.

necessary, both to the church and other mission property. During the present regime the church has been placed upon new foundations, also the school, both buildings have been repainted and refenced, brick chimneys and ventilation installed, many additions have been made to the furnishings and the church has just been redecorated interiorly, and everything is in good shape for another twenty-five years of service. The old mission house has been replaced by an up-to-date, nine roomed lumber structure all beautifully painted and interior well finished, and all situated within spacious grounds.

The last six years have seen 49 candidates confirmed and 114 baptised. Similar progress has been made at Kitwanga and Kitwano which have been placed under the same charge.

Truly then, this is a time for true thanksgiving to Almighty God for Mercies and blessings vouchsafed.

One Killed Three Injured When a Rock Hit a Hand Car West Dorreen Depot

As the result of a rock, several feet in diameter, rolling down a hill at the wrong time one man is dead and three others are in the hospital suffering more or less serious injuries. At noon on Tuesday a number of men who had been employed on an extra gang on the Canadian National Railway between Dorreen and Pacific, were riding on a hand car to the mess-car for lunch. As they were going through a cut, all quite happy and unsuspecting, a big rock rolled down the hill and struck the hand car and some of the men. That more men were not hit is a wonder.

The injured were rushed to the Hazelton hospital by train, but one man, Jas. Smart, an Indian, passed away on the way up.

Three others injured were given immediate attention and will recover.

H. Pawluk, a Pole, suffered shock, a wound on the forehead above left eye and a broken bone in one foot, besides numerous bruises. Willie Sampare, a breed, got two broken ribs and suffered a mild concussion. Carl Russell, an Indian, received a small cut on the ear and suffered a slight concussion.

Coroner S. H. Hoskins was notified and he arrived at Hazelton Wednesday morning to investigate and decide upon an inquest.

The Canadian National Railway and the men employed and the travelling public have been quite fortunate that more rocks have not caught trains or workmen as there is more or less movement in the side hills all the time and particularly after a heavy rain. The few accidents are due to the careful watch by officials and section men.

ONE GOOD MACHINE

Tony Sartori returned to New Hazelton last week after working the new Canadian Ingersoll-Rand compressor for the public works department on the rock cut between Terrace and Usk and also on the rock cut on the Beament cut-off east of New Hazelton. He was on the machine about four months and it was kept running fairly steady. During that time he says he never had one minutes trouble with the machine. He thinks it one of the nicest working machines he ever had anything to do with.

BADMINTON CLUB ORGANIZED

The Hazelton Badminton Club met last week and organized for the season 1928-29 and the opening of the season will be on Saturday, October 23. The games will be played as usual, in Assembly Hall and the play next Saturday will be between the hours of 3 p. m. and 6 p. m. and 8 p. m. and 11 p. m. After that every Tuesday and Saturday between the hours of 8 p. m. and 11 p. m. Refreshments will be served on the opening night. J. Smith is secretary. Make application to him for membership tickets.

ELECTED THEIR OFFICERS

There was a meeting of the Community League on Saturday night a week ago when officers were elected as follows:—

President—Leo. Spooner
Vice-Pres.—Ward Marshall
Secretary—J. H. Willan.
Executive committee—F. A. Goddard
Ralph Spooner, Geo. D. Parent, Mrs. R. Spooner and Mrs. P. Smith.

The mining interests of the Manson creek country are being assisted by Vanderhoof in their efforts to induce the provincial government to provide suitable roads between Vanderhoof and that rich mining country. That business at one time all was done from Hazelton, also all the Babine business.

Dr. F. A. Agnew of Telkwa has been appointed medical health officer for that district by the provincial government.

Some years ago it was a question of a struggle for existence. Now it is a struggle to keep up with the payments on the luxuries that troubles many of us.

NEW SCHOOL OPEN AT DORREEN

Event was Made an Eventful one by a Program and Social Evening

An historical event in the district took place at Dorreen on Saturday evening last, October 6th when the new school was opened with interesting ceremonies. Mr. Laen was called to the chair, Rev. T. H. Wright, B. A., of Hazelton, handing him the key of the new building by which it was declared open. The program opened with "O, Canada," followed by prayer and an address by Rev. Mr. Wright in which he congratulated the board of trustees W. Horwill, J. Stoyoff and J. Laen, on the erection of a suitable building and for the grant of land by Mr. C. E. Carpenter.

An interesting program had been prepared by the teacher, Miss Mina Deane, which the school children presented most creditably. This was followed by a social time spent in games and the evening was brought to a happy ending with refreshments provided by the ladies of the district.

AN OLD LAND MARK GONE

Northern Hotel now Torn Down and Material Used for Mine Buildings

The old Northern hotel building is now a thing of the past. The work of tearing down was completed this week and the site is now being cleared up. The hotel served its day well and a good many fine times were spent there by people of the district and the travelling public. It was the best hotel in the north and the largest between Prince Rupert and Prince George and was the only steam heated building. It was too big to operate after the war broke out and after prohibition went into effect. Since it was closed it never opened. The dining room was in use for years as a dance hall and it was the best dance floor in the north. The Northern Hotel was a land mark and known far and wide as a first class place to stop. R. J. McDonnell was the operator of the place from the beginning. The work of tearing down the building has been quickly and well done. The percentage of breakage has been very small and it was a good investment for W. B. Doraberg who was the buyer. The material is being used for construction purposes at the Silver Cup mill and mine. Pete McNicholl has been in charge of the demolishing work.

COMMUNITY SETTLEMENTS

Premier Tolmie is now working on
a plan for community settlement and
is co-operating with the British gov-
ernment. This is in accord with the
statements the Premier made during
his election speeches. He will carry
out the plan. It is not a new thing
as it was advocated in these columns
before the 1916 elections and was en-
dorsed wholly by A. M. Manson, then
a candidate in this riding, but appar-
ently forgotten by him as soon as elect-
ed. However, the plan is to the fore
again and with every reason to be-
lieve that it will be carried out. This
is a good time for some co-operative
work on the part of the northern in-
terior of this province. The Herald
believes with Hon. Dr. Tolmie that the
future success of this country de-
pends on settlement in communities.
There is no use referring to the failure
of scattered settlement. This country
has seen enough of that and has paid
a bitter price for it. Community set-
tlement, like massed production, means
greater profit and a better life for all.

By getting together now there is no
reason why one, two if not three or
even four of those communities can-
not be established along the line of
the Canadian National. There is the
Bulkley Valley, then along the Skeena
river which is being opened up by the
new Skeena highway and there is the
Terrace district, to say nothing of our
own New Hazelton district, which is
perhaps the choicest of them all for
the small farmer, such as the majority
of the British settlers will prefer at
first. The Boards of Trades and any
community organization should get on
basis so that they can work together
and get these settlers here. One lone
body will not accomplish anything and
no one town or community need think
they can get all. That will not be the
policy of this government. But there
will probably be no results for the in-
terior unless there is a united action.

THERE ARE TWO SEAS

There are two seas in Palestine.
One is fresh and fish are in it. Splashes
of green adorn its banks. Trees
spread their branches over it, and put
forth their thirsty roots to sip of its
healing waters.

Along its shores children play, as
children played when He was there.
He loved it. He could look across its
sliver surface when he spoke His par-
ables. And on a rolling plain not far
away He fed five thousand people.

The river Jordan makes this sea
with sparkling water from the hills.
So it laughs in the sunshine. And
men build their houses near it, and
birds their nests; and every kind of
life is happier because it is there.

The river Jordan flows on south to
another sea. Here is no splash of fish
no fluttering leaf, no song of birds, no
children's laughter. Travellers take
another route unless on urgent busi-
ness. The air hangs heavy above its
waters, and neither man, nor fish nor
fowl will drink.

What makes this mighty difference
in these neighbor seas? Not the riv-
er Jordan. It empties the same good
water into both. Not the soil in which
they lie; not the country round about.
This is the difference. The Sea of
Galilee receives but does not keep the
Jordan. For every drop that flows in-
to it another drop flows out. The giv-
ing and receiving go on in equal mea-
sure.

The other sea is shrewder, hoarding
its treasure jealously.

It will not be tempted into any gen-
erous impulse. Every drop it gets it
keeps.

The Sea of Galilee gives and lives.
This other sea gives nothing. It is
named the Dead.

There are two kinds of people in the
world.

There are two seas in Palestine.—By
Bruce Barton

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands
may be pre-empted by British subjects
over 18 years of age, and by aliens
on declaring intention to become British
subjects, conditional upon residence, occu-
pation, and improvement for agricultural
purposes.

Full information concerning regulations
regarding pre-emption is given in Bulletin
No. 1, Land Series, "How to Pre-empt Land,"
copies of which can be obtained free of charge
by addressing the Department of Lands,
Victoria, B.C., or to any Government Agent.

Records will be granted covering only
land suitable for agricultural purposes, and
which is not timberland, i.e., carrying over
5,000 board feet per acre west of the
Coast Range and 8,000 feet per acre east
of that Range.

Applications for pre-emption are to be
addressed to the Land Commissioner of the
Land Recording Division in which the land
applied for is situated, and are made on printed
forms, copies of which can be obtained from the
Land Commissioner.

Pre-emption must be occupied for five years
and improvements made to the value of
\$10 per acre, including clearing and cultivat-
ing at least five acres, before a Crown Grant
can be received.

For more detailed information see the Bulletin,
How, Pre-empt Land.

PURCHASES

Applications are received for purchase
of vacant and unreserved Crown lands,
not being timberland, for agricultural purposes;
minimum price of first-class (arable) land
is \$5 per acre, and second-class (grazing)
land \$2.50 per acre. Further information
regarding purchase or lease of Crown
lands is given in Bulletin No. 10, Land
Series, "Purchase and Lease of Crown
Lands."

Mill, factory or industrial sites on timber
land, not exceeding 40 acres, may be purchased or
leased, the conditions including payment of
stampage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres,
may be leased as homesites, conditional
upon a dwelling being erected in the
first year, title being obtainable after
residence and improvement conditions are
fulfilled and the land has been sur-
veyed.

LEASES

For grazing and industrial purposes
areas not exceeding 640 acres may be leased
by any one person or company.

GRAZING

Under the Grazing Act the Province
is divided into grazing districts, and the
range administered under the Grazing
Commissioner. Annual grazing permits are
issued, based on numbers ranged, priority
being given to established owners. Stock-
owners may form associations for range
management. Free or partially free, per-

HORTICULTURE

Mrs. N. Sherwood accompanied her niece, Miss Sherwood, to Vancouver on Tuesday last. Miss Sherwood was enroute to England.

Albert Moore returned Wednesday from Anyox where he spent the summer. He will resume his studies in the high school here.

Ernest Holt who has spent the summer with P. M. Monckton in the Stewart country, returned home early this week.

Mr. and Mrs. John McRae have returned to their home in Prince Rupert after spending the summer at Kitsumkallum. Mr. McRae is feeling much better.

Mrs. Colthurst has returned home from Victoria.

Mr. and Mrs. J. A. Brown and their daughter of Port Essington were visitors in town last week.

P. M. Monckton, Vic. Davies and G. Taft have returned from a summer's work in the Telegraph Creek district.

Mr. and Mrs. W. E. Smith entertained two tables at cards on Friday evening. It was an enjoyable affair.

J. B. Agar was confined to his bed last week.

A special meeting of the Canadian Legion will be held on Thursday evening, Oct. 11th, at 8 p. m.

Mr. and Mrs. Simms returned Sunday after a pleasant holiday in Vancouver.

While visiting in Vancouver Mrs. A.

Ross and Miss Cousins had a reunion for a number of old Terrace residents who still have their heart in the north.

R. L. and Mrs. McIntosh left Monday for Prince Rupert. They were accompanied by their guests, Mrs. Jackson of Montreal and Mrs. Evitt of Prince Rupert. Mr. McIntosh may return the latter part of the week to complete the work of closing the summer home.

Mrs. Geo. Dover has had her car shipped from Prince Rupert to Terrace. She was not able to sell it on the coast.

Mrs. W. A. Robinson was a delightful hostess on Tuesday afternoon last when she entertained a number of friends in honor of Mrs. McIntosh and her guests.

Mr. and Mrs. A. Rix of Prince Rupert were among the town guests during the past week.

W. Davitt of Topley was here last Tuesday week.

Cesara Venazie has returned to Terrace after a trip to Rupert.

Mr. and Mrs. C. R. Gilbert, Mr. and Mrs. Barker and family, E. T. Kenney and C. W. Sparkes were week-end visitors at Lakelse at their respective cottages.

INSERTED BY MR. AND MRS. J. B. AGAR

In loving memory of our sister, Florence, who departed this life on October 8th, 1927.

We miss her cheerful presence.

TERRACE BOARD OF TRADE

Held Quarterly Meeting and Received Report from Public Works Department on Requests

The monthly meeting of the Terrace Board of Trade was held Tuesday evening of last week, with J. K. Gordon presiding. Various letters of enquiry from prospective settlers were referred to the secretary to handle.

The secretary read correspondence with the Public Works Department re the condition of the decking on Terrace bridge in which the department intimated that instructions had been issued for a new longitudinal floor to be put on the bridge at once. The work was reported to be in hand.

An application for the continuance of Frank's camp on the road between Terrace and Usk to be continued for two more weeks so as to open up a wagon track between Terrace and Usk was not granted, the department stating that further funds were not available for the purpose.

It was agreed to consider proposals for public works to be done next year at the quarterly meeting of the Board. It was also decided to send an invitation to the Minister of Agriculture to pay a visit to Terrace.

THE HARVEST THANKSGIVING

Large Congregations Worship in a Beautifully Decorated Church

The Harvest Festival services in St. Matthews church last Sunday were held both morning and evening. The morning congregation filled the church to the doors. The service was enhanced by a solo beautifully rendered by Mrs. Geo. Dyson entitled "But the Lord is Mindful of His Own." The juvenile choir sang "Praise, Oh Praise My God and King," very acceptably. The service was followed by Holy Communion, Rev. T. J. Marsh assisting in the service. The rector took as his subject the parable of the sower. In the evening there was also a good congregation. Rev. Robinson rendered a solo, "Father in Heaven." The church was beautifully decorated for the occasion with choice fruit and vegetables, artistically arranged with cut flowers and autumn foliage. The W. A. assisted the rector with the decorations. The collections for the day amounted to about \$20.00. The fruit and flowers were sent the following day to homes where there was sickness, the remainder will be sold, the proceeds going to the W. A. funds.

A SOCIAL LODGE MEETING

The local I. O. O. F. lodge, assisted by their sisters of the Rebekah lodge, entertained at a whist drive and a dance in the lodge rooms on Monday evening following their lodge meeting. Ten tables of whist contested for the high score, the winners being Mrs. Holmwood and Jas. Lever, while Miss Gladys Kenney and W. E. Smith took the consolation. The remainder of the evening, which was a most enjoyable one, was spent dancing, music being provided by McLaren's orchestra. The lodges propose making these social evenings a regular feature during the winter.

BOY SCOUTS ARE ORGANIZED

The Boy Scouts held their opening meeting for the winter season in the G. W. V. A. hall on Friday evening. There was a good attendance, and Scout Master Kirkaldy was in charge. He was assisted by Chaplain W. B. Robinson and Assistant Master Jack

WELCOME TO MISS FOUNTAIN

Terrace Girls Banquet Their Provincial Secretary on her Annual Visit

It was a very happy gathering that met in Knox United church on Monday evening last when C. G. I. T. and Golden Key groups entertained at a banquet in honor of Miss A. Fountain, B. A., provincial secretary for Girls work in B. C. This was the girls first banquet and they excelled in preparation. Thirty-two girls sat down with their leaders, Rev. and Mrs. Allen and their guest of honor. Following the banquet Mr. Allen welcomed Miss Fountain to Terrace and to the gathering described the good work she was carrying on, and then called on the girls president, Miss Evelyn Moore to read a report on the year's work. She also gave a good account of last summer's camp. Miss Fountain was given a rousing reception by the groups when she was called upon to address the gathering. She gave a most interesting talk on the work carried on by the girls. The work was increasing very rapidly in all denominations. In places where there are no churches girls are now being affiliated under the pioneer girls' department and they are given all the regular work through correspondence. Following the talk Miss Fountain answered a number of questions in connection with the work. The remainder of the evening was spent in group singing and games, and concluded with a hearty vote of thanks to Miss Fountain.

Sparkes. After a long discussion on the winter's program a sumptuous banquet was partaken of. The meeting was closed with "O Canada."

W. Warner of Rosswood was in the village recently.

PARENT-TEACHERS TO MEET

The regular meeting of the Parent Teachers' Association will be held in the blue room in the G. W. V. A. hall on Thursday, Oct. 11, and a good attendance of parents and ratepayers is requested as the chief matter to come before the meeting is to decide if the organization is to be continued or not. There is a feeling that the work can be carried on through the Woman's Institute. There will also be a good program of humorous items.

Auto Is Self Steering

The heading of this article is not intended to mislead. The high power sedan pictured above is all of that and more as the "steering wheel" acts only as a front wheel brake, and all four wheels are fixed. Perhaps the most remarkable fact in connection with this handsome automobile is that it was turned out, just as it appears, from the Canadian Pacific locomotive works at Angus. There you have it! The wheels are flanged, with rubber insulation between the steel tires. Supplementary lights comply with railway regulations. There are staffs for the regulation flags, a powerful horn—and a bumper. Canadian Pacific engineers will use this car for inspection purposes.

Short Stories Close to Home

Last Saturday Dr. Leonard Wrinch and John Newick motored to Smithers and returned by train Sunday morning.

On Monday night Dr. H. C. Wrinch and Mrs. Wrinch went up to Smithers and returned by car on Tuesday.

Hugh Harris was a business visitor to Smithers this week.

It is reported from the Mohawk that on the lower level there are now some four feet of milling ore. This is the result of the tunneling and cross-cutting which has been going on for the past few weeks. On the upper levels ore is being stoped ready for shipment at an early date.

Old Enoc, one of the old land marks at Hagwilget died last Sunday morning and on Tuesday was buried in the Hagwilget cemetery. Fathre Vallieres officiated. There was a large gathering of the natives present.

Father Allard, who has been a patient in St. Paul's hospital for some time, is making rapid progress toward recovery and will shortly be able to continue south for the winter months. It has been arranged that Father Godfrey, a former priest here, will take charge at Hagwilget for a time.

Mrs. T. H. Wright returned Saturday night after attending the General Council of the United Church of Canada, at Winnipeg, and the B. C. Branch of the W. C. T. U. convention at Kamloops. Mrs. Wright will give a short account of her trip in next week's issue of the Herald.

Al. Harris decided to leave his car in Vancouver and return by boat and train. He left Vancouver last Monday night. It is understood that he will return to Vancouver shortly for the winter.

Sunday car drivers of the interior appear to be getting careless. Last Sunday several cars took the ditch and on perfectly good roads too.

The W. A. to the H. H. will hold a miscellaneous shower for the benefit of the Hazelton hospital, in Assembly Hall, Hazelton, on Saturday afternoon October 20. All are invited to attend and take a parcel. Tea will be served. 19-2

Judge McDonald and Miss McDonald will arrive Thursday morning for a few days visit. Judge McDonald is a shareholder in the Silver Cup and he and his daughter will visit the property.

Jack Wallace, field supervisor for the Soldier Settlement Board, in the Northern Interior, was a visitor in town last week.

Rev. T. H. Wright was in Dorreen last Sunday and the services in New Hazelton were taken by Mr. Robert Tomlinson who gave a most interesting talk on "Be not Discouraged."

The Aurimont property on Rocher de Boule mountain got down the ore to Carnaby siding last week end for shipment. There were some six hundred sacks. The property is now not operating.

Good progress is still being made at the Silver Cup by the Duke Mining Co. Buildings are going up rapidly and machinery is now being hauled to the mill where most of the buildings are all ready.

HAZELTON, B. C.

Women will know This to be True!

Haven't you found this to be true—that one batch of flour will give you certain results but that the next time you bought the same brand your results would be quite different. Now, the big flour companies employ chemists to see that their flours are kept to a constant standard. Drugs, like flours, may be thoroughly pure but of a variable standard. Think what this means in the effectiveness of your doctor's prescriptions.

Ormes buy their drugs only from manufacturers who guarantee that their products are not only 100 per cent. pure, but that their strength is as unvarying as the daily round of the sun.

QUICK NEWS

Without ever having any protection whatever, on October 7th, a quantity of nice large ripe strawberries were picked at Meadowbrook.

Mrs. Greene returned from the hospital on October 1st. She seems to be doing quite well after her operations. W. H. Lowe started threshing on the 6th after the rainy spell; Jack Price moved his machine to Telkwa to thresh stocks. There is still a lot of grain still in stock.

Returns are good from some crops and poor in others, with tough grain common.

Mr. Hobart is now painting the school.

Archie Kerr has returned from the prairie harvest.

Cris has a new car since his old one was wrecked in a collision.

Chas. and Mrs. Millar left for Vancouver on the 1st.

A Sunday school is being organized in connection with the church.

The flour and grist milling industry of Canada now produces annually over 10,000,000 barrels of flour with a value of over \$131,000,000. There are in the Dominion 1,291 mills, representing a total capital investment of \$58,000,000 and giving employment to 9,348 persons.

John Dool was in Rupert last week.

John R. Howard of Copper City was in town last Thursday.

Misses Davis, Wright and Munro of the local school staff were week-end.

Mr. Dix, proprietor of the Kallum Lake hotel, was a visitor in town during the week.

Here and There

(144)
An effort is being made to establish an airport at Banff, Alberta. Government officials have inspected a site near the present golf links and the prospect that a field will be prepared within the next year is bright.

A further supply of airplanes and airplane parts arrived in Montreal recently when the Canadian Pacific freighter "Beaverford" brought two De Havilland Moth planes, one case of wings and two cases of spare parts.

A call for tenders for a large elevator with a capacity of 1,500,000 bushels has been sent out by the Saint John Harbor Commission. The new structure is to be erected on the Colwell Fuel Company's site, in West Saint John, the work of construction to be got under way as soon as possible.

A Cadillac sedan equipped with rubber insulated steel flanged wheels has been specially equipped by the Angus Shops of the Canadian Pacific Railway at Montreal for the use of the engineering department of that company on inspection trips. The machine has an extra braking system operated by the steering wheel and can make as great a speed on the rails as it can on the highway. Over seventy miles an hour was made on a trial.
